25X1A

29 September 1949

1. Thirty-three rocket launchers were dispatched in FRANKFURT/Oder (O 53/V 63), leaving in the direction of GUBEN (O 52/A 79).*

3 September 1949

2. Train sections loaded with the following guns were assembled in a train at the FRANKFURT/Oder marshalling yard:

37 guns of 37 mm caliber
 24 rubber-tired guns of 76.2mm caliber
 43 rocket launchers of T 70/76 mounts.

According to the shipping documents, the rocket launchers had come from TOLEPCHIN (N 53/Z 91) and the other guns from ALTENGRABOW (M 53/Z 00).**

25X1A

Comment:

- * Presumably a shipment of rocket launchers which were sent to troop units via a FRANKFURT/Oder distributing point.
- ** The train sections assembled in FRANKFURT/Oder are believed to have been dispatched to the Soviet Union (old materiel). The 37-mm guns were antiaircraft guns. Rocket launchers on T 70/76 mounts are unknown, but may possibly exist.
